

Dear visitors,

Welcome to the NABU Nature Experience Centre
Blumberger Mühle!

We are the main information centre for the Schorf-
heide-Chorin UNESCO biosphere reserve and also
one of NABU's (The Nature And Biodiversity Conser-
vation Union) largest visitor centres.

Environmental education and education for sustain-
able development are particularly important to us.
That's why we have a varied programme of educa-
tional activities for children and adults about the
diversity of local nature through the seasons, nature
conservation or sustainability within the biosphere
reserve.

The Blumberger Mühle team wishes you a fascina-
ting nature experience.

Blumberger Mühle**
Blumberger Mühle 2
16278 Angermünde
Fon: 03331 2604-0
blumberger.muehle@NABU.de
www.blumberger-muehle.NABU.de

How it works:

1. Scan QR Code with your own smartphone
2. Open link in your browser
3. Select tour and language

Please download the tour
so that you can also use
it offline in our nature
experience landscape.

Alternatively, you can
also use our audio guide
via a hire device. You will
find these at the recep-
tion.

Here you can access
the audio guide!
